**WE
NEED
DIFFERENT
VIDEOGAMES**

We're the Flop collective, a tight-knit group of creators from Montreal sitting at the avant-garde of modern videogames. We produce and showcase playful experiences that go above and beyond traditionnal videogames.

WHAT IS FLOP?

Since 2016, our mission is to create spaces that promote alternative and local games.

MONTHLY MEETUPS

We gather every month to show each other our prototypes and discuss art and design.

STATION F-MR

A public videogame art gallery got installed for a month in the heart of the Station F-MR.

MOIS MULTI 2019

FLOP MEANS DIFFERENT GAMES

We're proud to offer one of the most surprising, bizarre and exciting selection of games in the city.

FLOP IS FOR ALL

Our events attract a public that go beyond the gamer stereotype and opens up to anyone interested in digital art.

FLOP IS A 100% FROM MONTREAL

We offer the best of what the underground and DIY scene have to offer in an inviting and memorable environment.

ARTCADE IS AN ALTERNATIVE AND LOCAL GAME EXHIBIT

We're running one of the very rare exhibits that takes an in-depth look at the Montreal's experimental game scene. Our objective is to position ourselves as Montreal's place of reference for artgames.

OUR PUBLIC

NEOPHYTES - We attract a 25-34 year old public that had little to no contact to videogames, making Flop's events one of their first experiences with videogames.

ART ENTHUSIASTS - Our pieces are situated at the intersection between videogames and new media art, giving people used to the contemporary art scene an occasion to get to know a new medium in a familiar space.

GAMERS - Many game aficionados are looking for playful experiences that differ from the usual mainstream ones, which is precisely what we offer.

GAMEDEVS - Our events always have a strong developer presence from studios big and small, creating new contact opportunities at all times.
